honey_and_fox Can't decide what do we love more - Exploring all these great places in Australia or meeting the amazing people! Here we are at our Wild Barramundi Market Development Strategy Workshop in Cairns and Darwin.

It's great to be working so closely with the Australian Wild Barramundi fishers and helping them with developing a strategy that focuses on increasing the value of their fisheries to better meet the needs of Australia's foodservice sectors.

If you are a Wild Barramundi fisher looking to understand or improve your market better, get in touch with us!
