

NT Recreational Fishers Satisfaction Survey

Long Questionnaire

Welcome to the NT Recreational Fishing Experience Survey.

Recreational fishing is hugely popular in the Northern Territory (NT), with 33% of adults (around 60,800 people) going fishing in 2018—much higher than the Australian average of 21%. This project, supported by the Fisheries Research and Development Corporation, aims to understand the critical role of recreational fisher experience in optimal resource use and fishery performance.

Led by Hudson Howells in partnership with key stakeholders, we seek to gather insights on fisher satisfaction, catch settings, and administrative arrangements to help inform fisheries management. Your opinions matter greatly, and there are no right or wrong answers. Your individual responses will be kept confidential and combined with others for analysis.

Your participation is voluntary and should take about 15 minutes. To begin, please click the 'Next' button below.

To thank you for your time completing the survey, we are offering you the chance to enter a prize draw at the end of the survey.

The prize draw includes three prizes:

- **To be added**

Upon completion of the survey, you will be given a chance to enter your details for the prize draw at the end of the survey. For more information on the terms and conditions of the prize draw please click on the link below.

NT Recreational Fishers Satisfaction Survey

Long Questionnaire

WHAT WE MEAN BY RECREATIONAL FISHING

For the purposes of this survey, recreational fishing means fishing for leisure or exercise as opposed to commercial fishing for profit. Recreational fishing includes line fishing (rod and line and drop line), netting, dabbling, diving and spearfishing. Recreational fishing includes both offshore (ocean) and inshore (including estuaries) and freshwater fishing in creeks, rivers and freshwater lakes.

RESPONDENT INFORMATION

CLIENT IDENTITY: This survey is being conducted by Hudson Howells in association with Action Market Research, and funded by the Fisheries Research and Development Corporation (FRDC).

RESEARCH SUBJECT: This survey relates to Recreational fishing in the NT.

WILL MY SURVEY ANSWERS BE KEPT CONFIDENTIAL: Yes, individual respondents will not be able to be identified from the published research results. Your answers will be combined with those of other participants. If you have any further queries regarding this survey, you can contact Action Market Research during business hours on 1800 077 789.

MAIN SURVEY – MOST RECENT BARRAMUNDI FISHING EXPERIENCE

[Q4. MOST RECENT BARRAMUNDI FISHING]

[ASK ALL]

Q4. Now thinking about your most recent Barramundi fishing trip, how many days did you fish for Barramundi at any time during that trip? By Barramundi fishing trip, we mean a fishing trip where you targeted (but not necessarily caught) Barramundi.

[ALLOW RESPONSES OF 1 TO 365]

[ENTER NUMBER OF DAYS]

Now we'd like you to think about the most recent day you went Barramundi fishing in the last 12 months, that is, your most recent Barramundi fishing day.

Note: If your most recent trip included more than one day, please select the most recent day you went fishing for Barramundi during this trip and use this single day to answer the remaining questions. Asking about a single day enables us to analyse all the responses using a single measure of time.

Long Questionnaire

MAIN SURVEY – MAX DIFF

[Q23. IMPORTANCE MAX DIFF STATEMENTS]

[ASK ALL]

MAX-DIFF

Q23. In this question, we are keen to understand how important various aspects of Barramundi fishing in the NT are to you. You will be presented with a series of three statements at a time which we call the statement sets. From each statement set, please choose the most important statement and the least important statement. Please remember it's your opinion we are after, not what you think other people might consider to be of higher or lower importance.

[SINGLE RESPONSE FOR EACH]

Importance Statements for Max-Diff
a) The availability of Barramundi in your preferred fishing spots.
b) The existing recreational Barramundi fishing regulations in your area.
c) The range of other fish species available for you to catch.
d) The opportunity you have to be involved in the decision-making process regarding recreational Barramundi fishing rules and regulations.
e) The ease of communicating with NT Fisheries and peak bodies such as AFANT (e.g., when you have a query about regulations, fish size, bag limits, when and where you can or can't fish, catch and release regulations).
f) The extent to which current recreational fishing rules and regulations promote sustainable Barramundi fishing practices.
g) Maintaining abundant Barramundi populations.
h) The enforcement of fishing regulations to protect Barramundi populations and their habitats.
i) The infrastructure provided for Barramundi fishing in the NT (e.g., boat ramps, fishing facilities).
j) The ease of access to your favourite Barramundi fishing spots (e.g., licenses to access, roads, tracks).
k) Barramundi fishing regulations that are clear and easy to understand.
l) Availability of facilities and amenities, such as clean restrooms, picnic areas, fish cleaning stations, and safe and secure parking at boat ramps
m) The environmental quality of Barramundi fishing areas, such as habitat health, and overall aesthetics.
n) The availability of large/trophy sized fish that you like to catch.
o) The number of other fishers in the fishing spots where you like to fish.
p) While accepting there are some risks associated with fishing (e.g. crocodiles, box jellyfish, remoteness, big tides and extreme weather), ensuring these risks are minimised as much as possible
q) The ability to fish for Barramundi within your budget.
r) The consideration and respect shown to you by other anglers when you go fishing.

MAIN SURVEY – SATISFACTION SPECIFICS

[Q24. SATISFACTION SCORES FOR SPECIFICS]

[ASK ALL]

Q24. In the last question, we asked how important various aspects of Barramundi fishing in the NT are to you. In this question, we are keen to understand how satisfied you are with various aspects of your most recent Barramundi fishing day in the NT in the last 12 months. Please rate each satisfaction statement using a scale of 1 to 10, where 1 represents 'Not at all satisfied' and 10 represents 'Very satisfied'.

As an example, using the first statement, if you are very satisfied with the availability Barramundi in your preferred fishing spots, you would give it a score of 10. On the other hand, if you are not at all satisfied, you would give it a score of 1.

You might find that some of the statements do not apply to you. If the statement is not applicable to you, please check the N/A option. You may also notice that some questions appear to be very similar. Please just answer each question as it is being asked.
